Become an SGS College Governor

As a regional college, delivering to nearly 10,000 learners annually across South Gloucestershire, Gloucestershire, and Bristol, SGS plays a critical role in advancing an inclusive and prosperous economy for the communities that we serve.

Our governors play a key role in ensuring the college is responsive to local needs through the delivery of high-quality education and training and that the college is operating to its optimum effectiveness. Being a governor is a highly rewarding experience and enables you to use your life experiences and skills for the benefit of our learners and communities.

We are committed to becoming a more diverse board. We know that a diversity of voices and experiences make for better discussions, decisions, and outcomes. We therefore strongly welcome applications from underrepresented groups and from all sections of the communities we serve.
