

## INVITATION TO INTERVIEW

Dear Applicant,

We are looking forward to meeting you at your interview for the Level 3 Sports Journalism course. Please bring the following material with you to your interview:

### **1. Media/Creative Work**

This could include, but is not limited to;

- video work you have made (on YouTube);
- photographs you have taken;
- graphic designs;
- art work such as painting, drawing, or images of 3D work

This work could come from coursework, or something you've created in your own time. If necessary, you can present your work to us on your own phone or tablet, or you can access it via one of our computers.

### **2. Written Work**

We would also like you to bring a recent example of your recent writing – this could be in the form of reports you've written about sports events, players or teams; stories; essays; film or literature analysis; scriptwriting etc.

### **3. Recent School Report**

Applicants who are still at school or have only very recently left should also bring their most recent progress report which shows predicted grades, and details about attendance and effort.

We don't expect you to be a fully-fledged sports journalist at this stage, so don't worry too much about whether or not your work looks like professional sports media content. We are just looking to understand your career goals and a little of your perspective on the world of sporting activity.

If you have any queries or concerns regarding what you should bring to interview, please do not hesitate to get in touch with me via telephone on 0117 919 2627, or at the email address provided below.

If your interview is successful we will invite you to the second stage of the interview process which will require you to attend a Media taster day in late spring/early summer. We will send you an invite letter closer to the time with details.

Regards,

David McDonnell

Course Leader – UAL Level 3 Diploma in Sports Journalism
